Denise L Harlow, CCAP
Chief Executive Officer
Community Action Partnership

Dear Denise:

Thanks again for having the CAP MLT Conference in Puerto Rico. We work very hard to show the peers the best of us and Puerto Rico; And we pretty sure the rest of the entities and the State too. Despite this, we need to face the current emergency regarding the earthquake of last week and continues replicas. As you mention me briefly, some of the peer agencies and or foundation wanted to help Puerto Rico in this emergency. So, we are coordinating the help to assist our serving communities in Ponce, Peñuelas, Lajas and Sabana Grande with the following list of products and equipment, in case you and or the CAP affiliates wants to help. Thanks in advance.

Sincerely,

Jacqueline Rodriguez-Mont PhD,
Chief Executive Office
INSEC
